

The Mediterranean Poultry Network of the World's Poultry Science Association (MPN of the WPSA) has been founded in 2006, in Verona, Italy, upon the suggestions of Prof. R. Akbay (WPSA - Turkey) because of the similarity of the climate, and thus resulting with the same agriculture, nutrition and pathologies sciences.

The MPN of the WPSA is represented by member countries facing the Mediterranean sea.

☐ ☐	Country	MPN representatives ☐ ☐ ☐
	Algeria	O. Bennoune N. Alloui
	Croatia	H. Medic
	E. Prukner-Radovic
